His attempts at writing a self-help book lead him to reflect on a life plagued by failure—and by having to dodge people who just want to pick him up and stroke his ears. Fluffy's coming of age is drawn with a heartbreaking veracity that hits its mark when the overly sweet and fantastical meets with an unswerving ability to voice our darker, more painful truths. Through the unlikely avatar of a small, fluffy bunny and gloriously irreverent storytelling, Simone Lia shows what it means to grow into adulthood, find purpose and live in this world. DAVID LYNCH: HIS WORK, HIS WORLD HC

(W) Tom Huddleston

An in-depth collection of the work and life of perhaps cinema and TV's greatest cult creator, David Lynch. In 1990 David Lynch released *Twin Peaks* and television would never quite be the same again. Ostensibly a mystery serial drama, the series introduced viewers to a surreal and eccentric world of uncanny and camp strangeness that has gone down in pop culture legend. With his films, the most famous of which are *Mulholland Drive* and *Blue Velvet*, but which also include *The Elephant Man*, 1984's *Dune* and the Palme d'Or winning *Wild at Heart*, Lynch created similarly strange, stylised and perplexing worlds, rich in invention. Across his career Lynch turned his attention to film, television, art, music, photography, Transcendental Meditation and – more recently – nightclub design and weather forecasting, and his sources of influence and inspiration are equally diverse. *David Lynch: His Work, His World* brings Lynch's complete output together into one visually led collection, and tells the full story of how he worked, created, thought and lived. (W) Matt Glasby

The Book of Horror introduces the scariest movies ever made and examines what makes them so frightening. Horror movies have never been more critically or commercially successful, but there's only one metric that matters: are they scary? The Book of Horror focuses on the most frightening films of the post-war era - from Psycho (1960) to Longlegs (2024).

examining exactly how they scare us across a series of key categories. Each chapter explores a seminal horror film in depth, charting its scariest moments with infographics and identifying the related works you need to see.
